Andreas Lundell
Product Manager
Nasdaq

Andreas Lundell is Product Manager for Nasdaq's CSD solution and eVoting solution within Market Technology, based in Stockholm and has 20 years of experience in the post-trade area of the financial market

Andreas joined Nasdaq in 2015 as a CSD expert and analyst with primary responsibility on guidance on business evolution and best practices in relation to client deliveries. Prior to joining Nasdaq, Andreas held various positions within Euroclear Sweden.

Since 2017, Andreas has the position as product manager of Nasdaq's CSD solution and eVoting solution, with responsibility for the general evolution of the solution and how to adopt new technologies in Nasdaq's overall CSD and voting offering.
