

SPEAKER

PANEL IV and Q&A Session Innovation and technology for Financial Market Infrastructure

Paolo Caniccio
Chief Technology Officer, Monte Titoli

Paolo has been appointed CTO of Monte Titoli in 2017 and is also covering the role of CIO of the LSEG Post Trade Italy Division.

Paolo spent 10 years working in the banking sector, at Deutsche Bank from 1990-1997 and at Banca Intesa from 1997-1999.

He began his career in the exchange industry at Borsa Italiana, reaching a senior management position in 2001, when an IT company Blt systems was set up within Borsa Italiana Group.

He carried on his career in the LSEG, since 2007, taking on several roles within Global Technology Services Division and working across different business areas.
